MOON TECHNOLOGIES (Portfolio)

<https://moonrajpoot207.github.io/moontechnologies/index.html>

Summary

I specialize in **Data Entry**, Web Administration, and **Content Writing** with a knack for **Copywriting**. My expertise spans **Web Research**, and full **Product Listing** including (Editing, Research, Upload, and Publish) tasks. I excel in **B2B Lead Generation**, **Offline/Online Data Entry**, **Data Organization**, and **Digital Marketing**.

My skills extend to **Photo Editing** and various types of **Website Data Entry**. Proficient in **Manual Typing**, Website design, and **Web Development**, I bring experience in all stages of these processes. Learning quickly is my forte—I become proficient in new areas swiftly.

My toolset includes proficiency in **ChatGPT**, **Google Bard**, **MS Excel**, **MS Office**, **Google Docs**, **Google Sheets**, **Hunter**, **Promokit**, **Seamless**, **Apollo**, **Getemail**, **Gmail**, **Linkedin**, **Facebook**, **Vs Code**, **Notepad ++**, **Google Chrome**, **Mozilla Firefox**, **VPNs**, **Fiverr**, **WordPress**, and photo editing tools like **Adobe PhotoShop**, **Canva**, and many other tools, including AI tools.

I also have some experience with **HTML5**, **CSS3**, **Webflow**, and **Elementor**, and I have a fluent knowledge of **Bootstrap**, and **Tailwind CSS**. Combined with effective communication and problem-solving skills, I am poised to be an excellent fit for any project or task. Let's collaborate and achieve great things!
